

HOW TO CONNECT TO A CONFERENCE CHANNEL

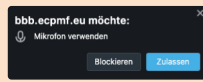

YOU WILL BE CONNECTED
 Depending on your connection it can take a few seconds until the connection is established.

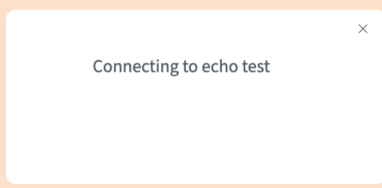

Please wait for a moderator to approve you joining the meeting.

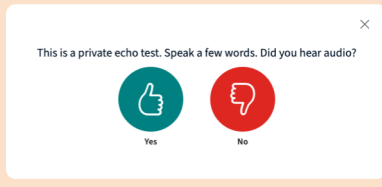

Turn on the microphone

Allow the browser to use the microphone

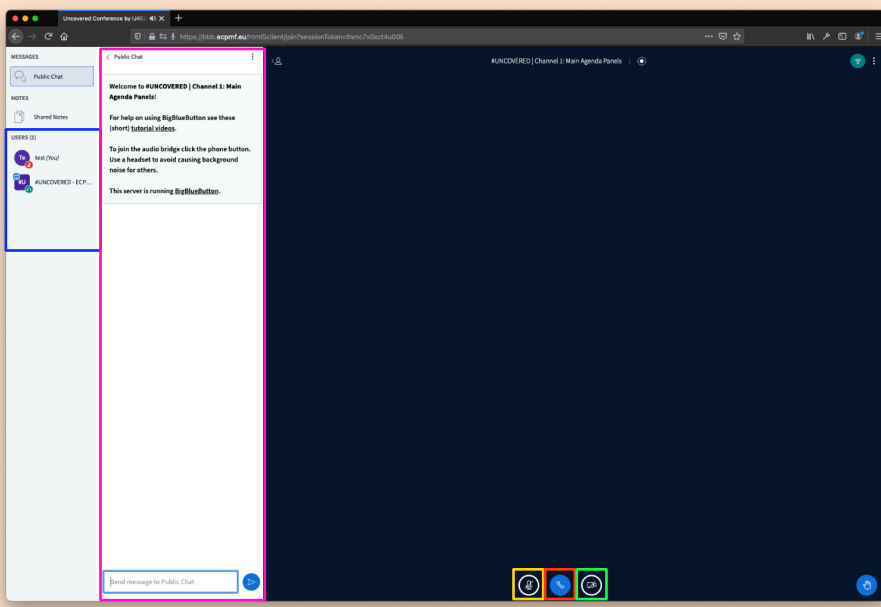

you will be connected to the audio test

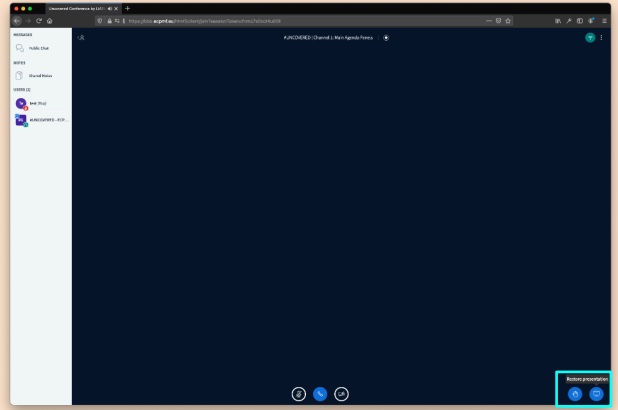

Now you can test your microphone. Say a word and press „Yes“ if you can hear yourself. If not press „No“ and you can change your audio settings.

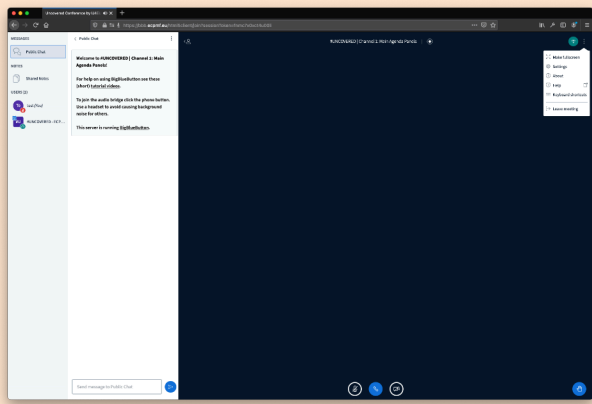

WELCOMME TO THE CONFERENCE

- You can see the other participants
- You can use the „Chat“ to ask questions or see the notes of others. Everybody can see what you write in this chat.
- Here you can turn on / off your microphone. A small red sign in your video shows you, if your microphone is switched off.
- By pressing this button you can turn on/off your video.
- If you press that sign, yo can change your audio settings.

■ Close or open presentations

Press „leave meeting“ if you want to exit the meeting. You can come back to the meeting at any time. Start at (1) to join again.
